ABSTRACTION

Surabaya Psychiatric Center is a Psychiatric Hospital in Surabaya provides the facilities to serve mental health of Surabaya’s citizen and around it. The facilities provided in this object contain of Outpatient, Administration, Inpatient for Heavy, Medium and Light level of mental disease, Rehabilitation and Therapy also Supporting facilities.

The approach theme that used is the application of the characteristics of Metaphor-Reborn, where the theme is materialized in disorder into order patterns plot (Chaotic to Order) of building’s façade. Those patterns describe the behavior of mental sick patient (represented in chaotic or disorder patterns) experiencing the rehabilitation therapy to get cured and back to their normal behaviours (represented in order patterns)
