Bima Suci, or better known as Dewa Ruci is one of the puppet story that has quite philosophical meaning, especially for the Javanese. Although it is an carangan act that are not mentioned in main story Ramayana and Mahabharata, but experts say this act is considered quite weighty and often become the subject of informal discussion forums or discussion.

Illustrated book design of Dewa Ruci aims to increase consumer interest towards the wayang stories, especially Dewa Ruci, while the problems is how to attract public attention to the wayang stories through visual media, or illustrated book in this case.

The realization of this research and design is a book with unique visualization of Java. This design has the more USP, because the illustrations make the story easily digested.
