Health and beauty are two very important part of people’s life, especially for those who lived in the city occupied and busy with their daily activities. At the end of the day, people will feel tired and loose their radiant. Beauty salon is the best place to recover their radiance, people who come in tired, will come out with fresh bodies and mind after receiving treatment in the salon. Beauty Lounge Salon and Spa is the common place for body treatment for Surabaya’s citizen, especially for woman and girls. This beauty salon will not only function as a place for treatment and relaxation like the others. But also a place for recreation and communication. Later, this salon will be equipped with facilities that suit with its function as the beauty salon with some other supporting facilities. Moreover there is special facilities for children, so they could get services and facilities suit best for their needs.
