Gelora Pancasila is a historical asset lies in Central of Surabaya that can be classified as a cultural preservation building and should be getting special attention from the people or government. The factual is there is no intensified care, and eventually Gelora Pancasila getting worse and not worth to be used as a main sport stage, especially for people of Surabaya.

Based on the interest and demand analysis of Surabaya’s people, the development of Gelora Pancasila Surabaya is a pool with national standard. By doing some adaptation and re-structuring to unite Gelora Pancasila, “THOR” field, along with the pool, it is expected that this development can fulfill people’s demand and can resurrect Gelora Pancasila and “THOR” filed which are rarely used how they should be. And can be used to facilitate people to make a great achievement, so they can bring the motto “Memasyarakatkan Olahraga dan Mengolahragakan Masyarakat” into reality.

Key word: Development, Cultural Preservation, Sport
