ABSTRACT
Ship Gallery is a place for education and recreation about ship specifically for the public display of ships belonging to Indonesia as an educational facility for students and the general public. International mentions that Indonesia is a maritime country, which is recognized in the 1982 UNCLOS (United Nation Convention on the Law of the Sea) so that it is necessary to study the history of Indonesian ships and the capability in the field of shipbuilding which is very strong. Using the theme of "heroism" which is based on the lack of interest in respect of every detail of nation-building, with a lack of appreciation and public awareness of the potential of maritime thus taken two main concepts of identity that is posed through by the use of technology in the structure of contemporary architecture and design messages to inspire the visitors. Ship Gallery building is expected which has become an icon of the uniqueness and progress of science and technology, also encouraged to take advantage of the potential of marine wealth in Indonesia.
