Sea World Kenjeran Surabaya is a special tourist aquarium featuring marine life in Indonesia and Abroad as tourism and education facilities for the people who visit the city of Surabaya. Sea World is located in Long Beach Kenjeran Ria. In addition to tourism and education as a means of building is expected to Sea World is also a landmark and image of the city of Surabaya, specializing in tourism. Using the theme of "jellyfish" which took a unique variety of marine life and the themes are also translated into the design process as a metaphor can be palpated. Using the concept of geodesic dome structures "futuristic." Hopefully, Sea World Kenjeran Surabaya building is unique and become a tourist icon of Surabaya in particular and Indonesia in general.
